

YOUR VOICE MATTERS!

The Office of Mental Health and Substance Abuse Services (OMHSAS) is organizing a workgroup to assist with the development of First Episode Psychosis (FEP) program standards for Pennsylvania.

Participation involves meetings covering a broad range of topics from eligibility for services, staffing and treatment considerations, program set up and cultural considerations. We would like a broad representation including individuals served by FEP teams and their families.

IF YOU ARE INTERESTED IN PARTICIPATING IN THE WORKGROUP, PLEASE COMPLETE THE SURVEY BY TUESDAY, NOVEMBER 30.

All meetings will be held virtually.
Not everyone who answers the survey will be chosen to participate in the workgroup.
